CONTINUING EDUCATION & EDUCATIONAL OBJECTIVES

This conference is intended for psychoanalysts, psychiatrists, psychologists, social workers, psychiatric nurses, marriage and family counselors, and clinical professional counselors. EDUCATIONAL OBJECTIVES

At the conclusion of the conference, participants will be able to:

- Identify new directions emerging in psychoanalytic research and practice that expand the relational context.
- Learn how thinkers and practitioners in and outside of psychoanalysis approach contemporary problems from a relational perspective.
- Learn how concerns regarding desire and consent arise in a context of expanded social networking and sexual inclusivity.
- Explore how the global economic crisis shapes our work as relational analysts.
- Learn how transgendering opens new directions for research and clinical practice.
- Learn how practices of witnessing, truth and reconciliation, and communal responses to trauma help us frame psychoanalytic interventions.
